

We Don't Sell Houses.

It really is that simple. The Perry Group is a commercial real estate speciality firm operating in Kankakee County and the South Chicago Suburbs since 1959. No other real estate firm operating within the marketplace can honestly say that commercial real estate is the one and only thing they do. Evidence of our expertise is evident with over \$250 million in commercial, industrial and investment inventory in the Kankakee County and South Chicago Suburban Marketplace and full-time agents specializing only in commercial and industrial real estate.

If you are looking for someone to just list your property and put another sign up, contact one of the many real estate firms located in the market. Most are ethical, some stumble upon success on commercial assignments, and some just do a good job of putting a sign up without regard for results or ethics.

If you are serious about satisfying your commercial real estate requirements, contact the only qualified firm in the market. We are strictly limited to commercial real estate.
